May 2019 Tree Planting Program

Comm. Batzing and her husband selected 66 trees for the DEC program, along with 4 trees which are being donated by NYSEG, through the recommendation of Comm. Paradine.

Recent Tree Concerns/Notes

- Comm. Dexter and Jim Maloney attended to tree concerns on Lincoln Ave., Banks St., Church St., and Cedar St.
- The City has removed five trees on Church St. in preparation for replacements, but six more trees need to be removed for a total of fifteen replacement trees. Jim informed us that National Grid will do this work, a job for which the Commission is most grateful!

Other

- A resident is very concerned that Homer Ave. trees have been removed at owners’ expense, but without permission from the LDC or contact with Nic Dovi. She is interested in meeting with the Commission.

Next Meeting: April 11, 2019 – 4 p.m. - Mayor’s Conference Room

Respectfully,

Comm. Batzing
