Reports:

Fire Chief reported on the following:

- Nothing new to report on the on-going facility study.
- Discussion in progress for apparatus replacement. We are hopeful to replace an Engine in the next couple of years.
- Planning to order the chief's tests as they have not been given by Civil Service in a number of years. Will be good for the staff to take the tests even though there are no plans for vacancies. Will be good for them to see where they may need to bone up on areas of the test where they may need help.

Volunteer Updates:

- There were no new applications to be considered.

Old Business:

No discussion as there were not any items of Old Business before the Commission.

New Business:

There were no new items to be discussed by the Commission at this time.

Moved by Commissioner Hotchkiss, seconded by Commissioner Starr to adjourn the meeting at 5:26 p.m. All in favor, motion carried.

Respectfully Submitted by:
