

CORTLAND PURPLE TIGERS BASEBALL

July 31, 2010

Honorable Susan Feiszli
Mayor, City of Cortland

Dear Ms. Mayor:

In October of 2002, the Cortland High Baseball Team, other students, and members of the Fire Dept. and Water Dept. staged a *HAUNTED HAYRIDE* in the woods behind the Waterworks. The event was well received by the community and fun for all participants. We would like to do this again this year. The date we are looking at is Oct. 23. Last year, we were not able to have the event because the weather did not cooperate. Many residents spoke to me about their disappointment that we were not able to do this for the community.

We would charge a small fee (\$5) for the rides. This helps us to cover expenses such as costumes, props, materials, etc. Riders are also served cider and doughnuts at the conclusion of their ride.

Bill Wood and Tink Root of the Water Dept. and Tim Tobin from the CYB were among those who have assisted us promoting and working this event. John McNerney from the CYB also has assisted us with the planning. We will have 15-20 adults for supervision throughout the event.

The students participating are from Cortland High School and are covered under the school's liability insurance. The Business Manager's office will provide a copy of the insurance certificate.

If this proposal needs to be presented to the Council, we would be glad to do that, or make ourselves available for any questions that need answering. If you have any questions prior to the meeting, you can call John Tobin (home 753-9744) or (cell 591-5003). Thank you for considering our proposal.

Sincerely,

John Tobin

Ben Albright

Cortland High School Baseball Coaches
