Re: Resolutions pertaining to Street signage and designation

Date: January 10, 2012

This past summer the New York Department of Transportation reviewed "No Parking" and "No Standing Any Time" signage on US and State Roadways within the City. Correspondence to Mr.

Tom Tobin, Cortland Public Safety Department from Ms. Janet Dziergas, NYSDOT expresses concerns regarding the signage found in the review. The communication provides an example from Tompkins across from Verron Dr. At this location there is a single "No Standing Any Time Sign" that is illustrated to the left.

The DOT representative suggests that the sign at this location is deficient for two reasons. First the 'no standings zone' does not have defined limits. She suggests that a better signage arrangement would incorporate two signs. The left sign should indicate that the no standing sign begins to the viewer's right. The proper sign would be:

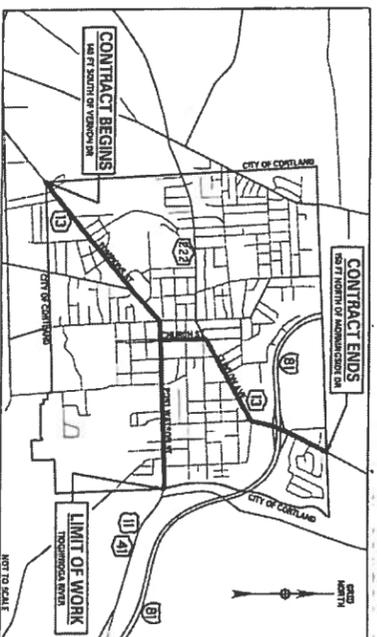

The sign to the viewer's right would indicate that the no standing area ends immediately left of the sign.

The other deficiency noted by Ms. Dziergas is that the designated 'no standing zone' is not provided for by City Ordinance. Pursuant to the State's Vehicle and Traffic Law the State must approve a city's ordinance before signs on State highways are effective, Therefore as several 'no standing zones' and one 'no parking zone' are not provided by Ordinance there is nothing for the State to approve hence the signage in those areas have no effect. (V&T Law, Article 39 Regulation of Traffic by Cities and Villages, Sec. 1684)

The first noted deficiency will be corrected this coming summer under NYDOT's 2012 Small Sign Replacement Contract for Cortland. (Contract D261792). This work shall encompass sign installations and replacement along US Route 11 and NY Routes 13 & 41 beginning approximately 140 ft. south of Vernon Drive and ending 150 ft north of Morningside Drive with work along US 11 & 41 (Port Watson Street) Ending at the Tioughnioga River. I have the detail schematics in my office for review.

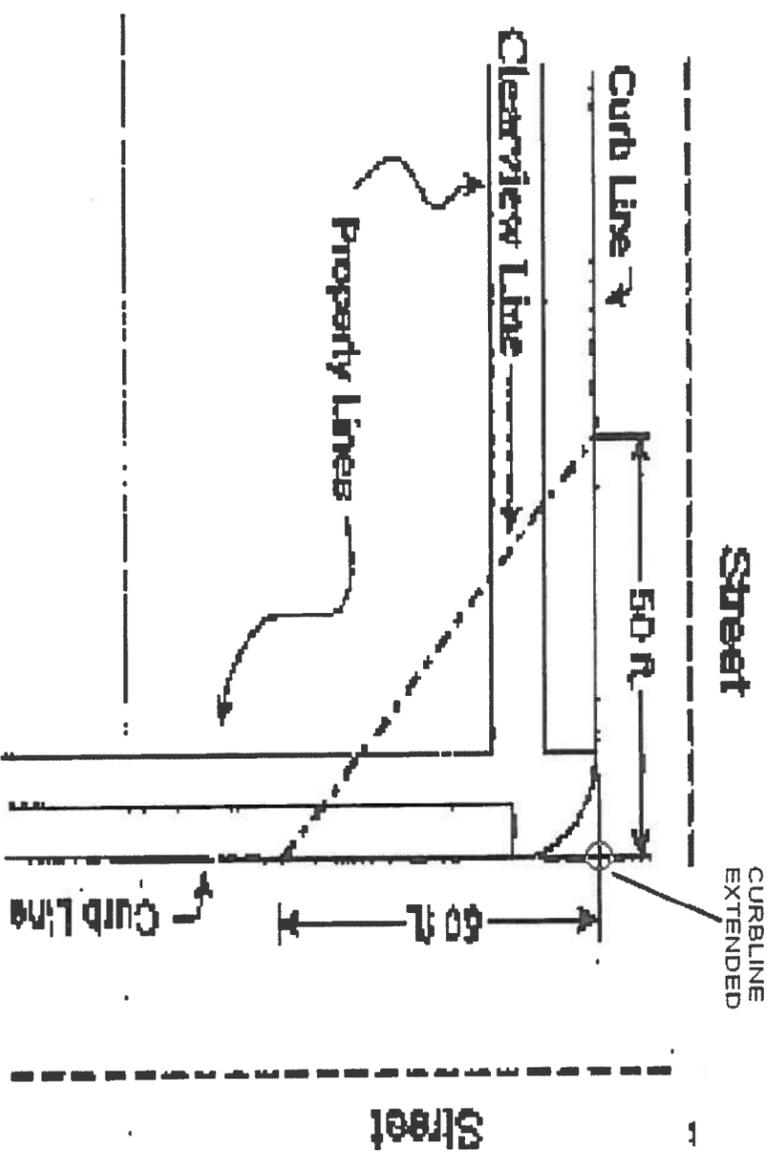

The attached Resolutions addresses the second noted deficiency.

Attached are two worksheets pertaining to the Resolutions that will be presented to Common Council from approval. The first worksheet lists the streets addressed in the Resolutions in the order that they are presented in the Resolutions. The second worksheet contains all the affected streets sorted by Ward.

As indicated in the worksheets only one of the streets, Clinton Ave at the intersection of Hubbard Street, changes the current usage of the street. This change extends the 'no standing area' and impacts a vehicle repair building. Mr. Tobin has discussed this proposed change with the business owner who accepts the reason for the change.

The diagram below is provided to aid the understanding of the measurements accompanying each street.

It would be helpful if each Alderperson could review the affected street within their Wards to access the impact the Resolution may have on commercial interest and residents. Should any proposed change affect commercial interest and in discussion it is found that valid and objective reasons exists to object to the proposed change please bring these to my attention with a recommended course of action. Upon receipt of such it will be brought to the attention of the NYDOT. Your assistance will be greatly appreciated.

The final resolution amends the City Ordinance to reflect that Elm Street is now a two-way street.

The tentative date for formal Council action on this matter will be _____ .
Respectfully submitted for your consideration.

Tom Tobin

Mack Cook

NEW YORK STATE VEHICLE & TRAFFIC LAW

§ 1202. Stopping, standing or parking prohibited in specified places.

(a) Except when necessary to avoid conflict with other traffic, or when in compliance with law or the directions of a police officer or official traffic-control device, no person shall:

1. Stop, stand or park a vehicle:
 - a. On the roadway side of any vehicle stopped, standing or parked at the edge or curb of a street;
 - b. On a sidewalk;
 - c. Within an intersection, except when permitted by official signs or parking meters on the side of a highway opposite a street which intersects but does not cross such highway;
 - d. On a cross walk;
 - e. Between a safety zone and the adjacent curb or within thirty feet of points on the curb immediately opposite the ends of a safety zone, unless a different distance is indicated by official signs, markings or parking meters;
 - f. Alongside or opposite any street excavation or obstruction when stopping, standing or parking would obstruct traffic;
 - g. Upon any bridge or other elevated structure upon a highway or within a highway tunnel, unless otherwise indicated by official signs, markings or parking meters;
 - h. On any railroad tracks;
 - i. In the area between roadways of a divided highway, including crossovers, except in an emergency;
 - j. On a state expressway highway or state interstate route highway, including the entrances thereto and exits therefrom, which are a part thereof, except in an emergency.
 - k. Engage in the retail sale of frozen desserts as that term is defined in subdivision thirty-seven of section three hundred seventy-five of this chapter directly to pedestrians on any highway having a speed limit in excess of thirty miles per hour. Nothing herein shall be construed to prohibit the operator of such vehicle from stopping such vehicle off such highway, in a safe manner, for the sole purpose of delivering such retail product directly to the residence of a consumer or to the business address of a customer of such retailer.
2. Stand or park a vehicle, whether occupied or not, except

momentarily to pick up or discharge a passenger or passengers:

- a. In front of a public or private driveway;
 - b. Within twenty feet of a cross walk at an intersection, unless a different distance is indicated by official signs, markings or parking meters;
 - c. Within thirty feet upon the approach to any flashing signal, stop or yield sign or traffic-control signal located at the side of the roadway, unless a different distance is indicated by official signs, markings or parking meters;
 - d. Within twenty feet of the driveway entrance to any fire station and, when on the side of the street opposite to the entrance of any fire station, within seventy-five feet of said entrance, when properly signposted, unless a different distance is indicated by official signs, markings or parking meters.
 - e. Alongside or obstructing a curb area which has been cut down, lowered or constructed so as to provide accessibility to the sidewalk.
3. Park a vehicle, whether occupied or not, except temporarily for the purpose of and while actually engaged in loading or unloading merchandise or passengers, within fifty feet of the nearest rail of a railroad crossing, unless a different distance is indicated by official signs, markings or parking meters.
- (b) 1. No person shall stop, stand or park a vehicle within fifteen feet of a fire hydrant except when such vehicle is attended by a licensed operator or chauffeur who is seated in the front seat and who can immediately move such vehicle in case of emergency, unless a different distance is indicated by official signs, markings or parking meters.
2. No person shall stop, stand or park a vehicle within fifteen feet of a fire hydrant except when such vehicle is attended by a licensed operator or chauffeur who is seated in the front seat and who can immediately move such vehicle in case of emergency, when such vehicle impairs or hinders the access of a fire vehicle to a fire hydrant while such fire vehicle is engaged in an emergency operation, unless a different distance is indicated by official signs, markings, parking meters or the provisions of any local law, rule, or ordinance.
 - (c) No person shall move a vehicle not lawfully under his control into any prohibited area or away from a curb such distance as is unlawful.
