

# City of Cortland 2024 Tree Planting Program

Since 2006

Funding for your tree(s) is  
provided by The National Grid 10,000  
Trees and Growing Program and  
The City of Cortland

The City of Cortland is pleased to offer a beautiful tree for your property's right-of-way.

The City of Cortland's Landscape and Design Commission (LDC) has chosen several species of street trees for planting under our annual Tree Program. The species of tree to be planted on your property will be determined by the LDC based on overhead and underground utilities, site conditions, tree availability, and your input. Tree choices can be viewed on the City website, [www.cortland.org](http://www.cortland.org). The City DPW will plant the trees without cost to you. You will be notified of the tree species and location prior to planting.

If you accept a tree, you must agree to maintain and care for the tree with regular watering. You must not transplant, disturb, or harm your tree. Mulch may not touch the tree, and mowers or string trimmers must not nick the bark. Unfortunately, your tree cannot be guaranteed and may not be replaced if it does not survive.

Your City property and school taxes  
must be up to date.

Program trees will be planted in May 2024.

For questions or more information, contact:

Diane at 753-0146  
Linda at 753-1433

## 2024 City of Cortland Tree Planting Program Application

Property Owner: \_\_\_\_\_ Date: \_\_\_\_\_
