

A very limited number of trees are available for our spring 2022 planting program. Please view the tree choices offered below. Property owners with overhead utility lines will select either the maple or pear tree, while properties without primary lines may choose the elm or linden. Because these trees are reserved at the grower in the fall, your application is due by **September 24th**.

Tree choices:

Underwire Trees

'Highland Park' Maple — Pyramidal form, 35' tall x 22' wide with bright red leaves in autumn

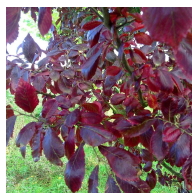

'Chastity' Pear — 35' tall x 25' wide; white blooms with glossy leaves that turn orange-red in fall

Tall Trees

'Frontier' Elm — 40' tall - 30' wide with beautiful burgundy fall color

'Harvest Gold' Linden — Pyramidal form, 40' tall x 30' wide; glossy dark green foliage turns bright golden-yellow in autumn
